

# Symphony Hills Fence repair, replace and new fence guidelines. V2018

1. All Fences must be submitted for ARC approval prior to starting the project.

<http://symphonyhills.org/wp-content/uploads/2017/03/ACC-Form-Fillable-ao03212017.pdf>

2. All fences must be constructed of Cedar including pickets and supporting cross rails.

3. Supporting (posts only) may be of CCA if requested.

4. Fences may be natural and unfinished or suitable clear wood sealer.

5. If fences are to be colored, the finish must be stain suitable for cedar wood and be of a color similar to other neighborhood colors. Colors must be approved. Please submit material name and type in the ARC approval request form.

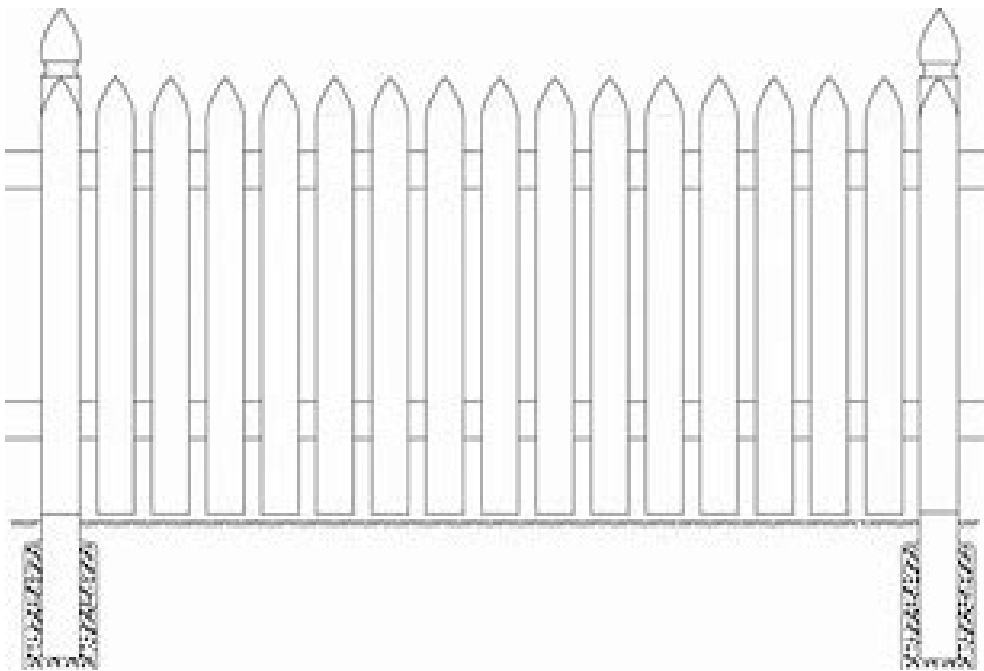

6. Maximum Fence height is 60 inches.

7. Light blocking "Privacy type" construction will not be approved. Approved fence types will be similar in style to other Symphony Hills Homes.

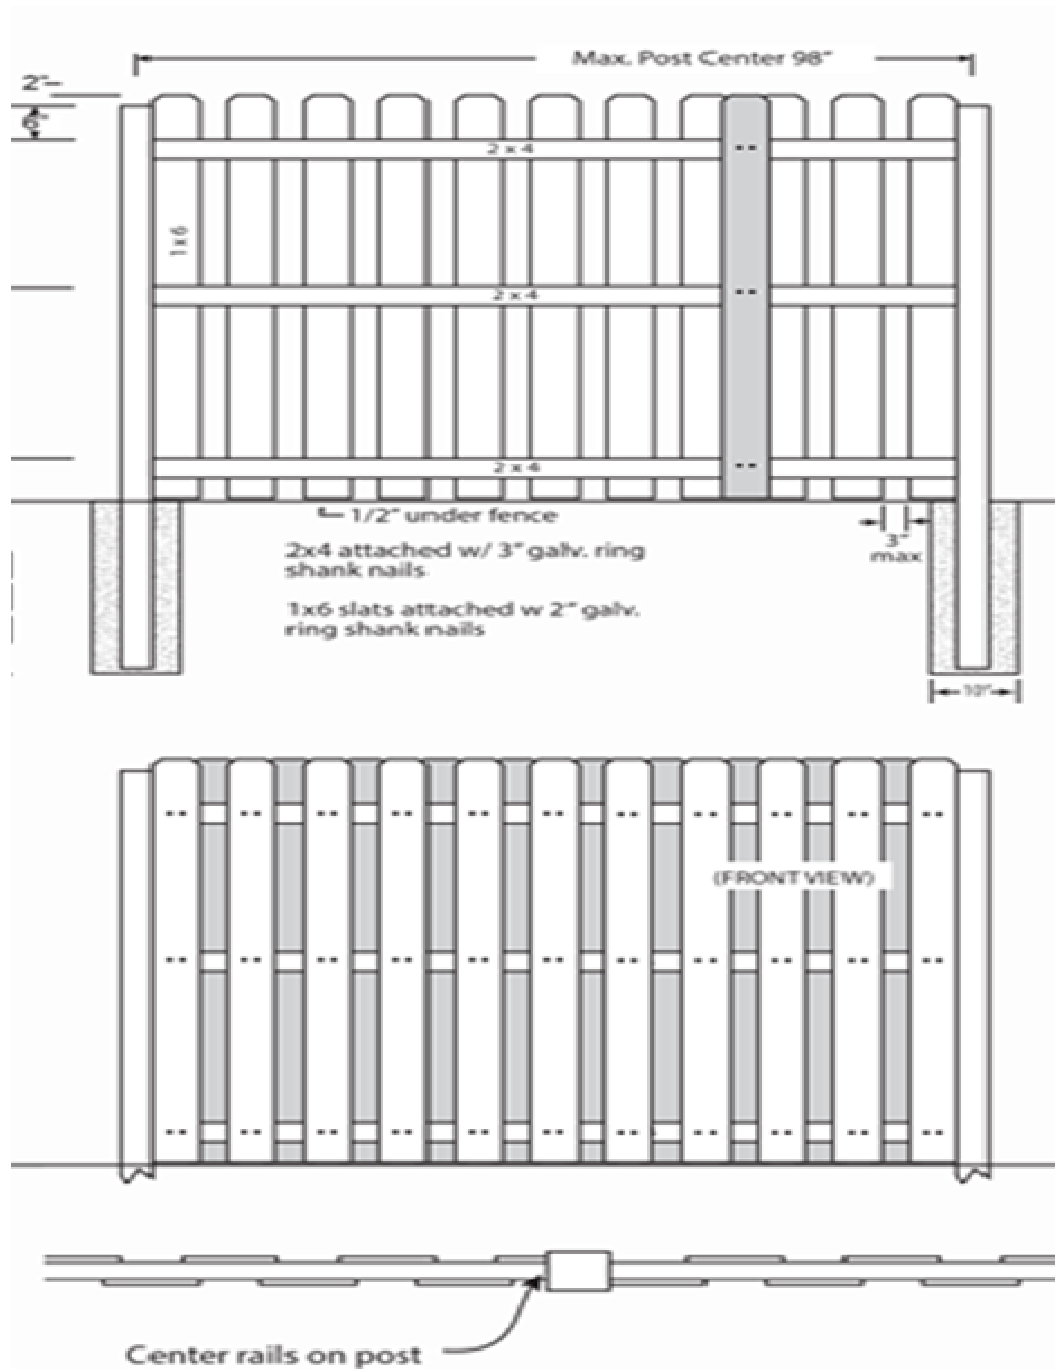

8. Please list the type below that you would like to construct. If you would like a style different than below, please send a photo or plans with your ARC request.

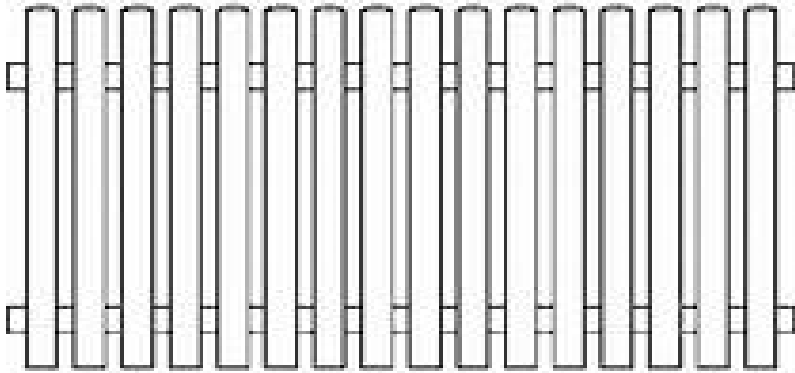

1 X 4 or 1 X 6 French Gothic Type

1 X 4 or 1 X 6 Gothic Type

1 X 6 Shadow Box French Type

1 X 4 or 1 X 6 Dog Ear Type
